2. Issues and impacts:

1. Different Schedules of Team Members:

- **Description:** The varying study schedules and personal commitments of team members make it difficult to organize a unified meeting time. This scheduling conflict affects the ability to hold regular team meetings.
- **Impact:** This leads to challenges in communication and coordination, resulting in delays in task completion and overall project progress.

2. Missed Deadlines:

- **Description:** Some tasks have not been completed by the set deadlines.
- **Impact:** Delays in completing tasks can push back the project timeline and increase the workload on team members as they try to catch up.

3. Lack of motivation:

- **Description:** Team members may sometimes feel unmotivated due to various reasons such as personal issues, lack of interest in the project, or external stressors.
- **Impact:** A lack of motivation can lead to decreased productivity, lower quality of work, and can negatively influence team morale.

4. Haven't used Jira:

- **Description:** Team members are unfamiliar with Jira, which could hinder effective use of the tool.
- **Impact:** Lack of experience with Jira can slow down the adoption process and reduce the efficiency of using Jira's features to solve team issues.
